

AN IMPORTANT NOTICE

IS NOW

Effective March 31, 2008

Bulkflow Technologies Inc. becomes Solex Thermal Science Inc.

Only the name has changed.

Solex Thermal Science Inc. maintains the same ownership group – it's employees. Solex is an employee owned company with 90% of employees sharing a vested interest. The strength of company remains with its people.

Why has the name changed?

Since the inception of Bulkflow Technologies Inc. in 1999 the company has grown to become a world leader in the science of bulk solids heat exchange, engaging in advanced technology development. The new company name, Solex Thermal Science Inc., more accurately depicts the strengths and value that the company offers to its customers.

Inquiries related to the name change can be directed as follows:

Corporate: Neville Jordison | **Accounting:** Hannah Wiebe
